

Aircraft Handling Equipment

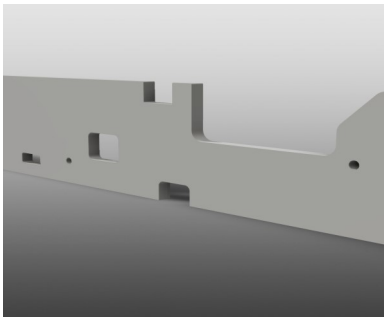

International Steel & Counterweights

THE COUNTERWEIGHT LEADERS

BUMPERS

Flame cut and with surface finish options to allow you to meet your customers exact requirements

SIDE FRAMES

ISC can handle any requirements, no matter how complex, long or exacting

Located in Youngstown, OH, International Steel & Counterweights operates from a 300,000 sq. ft. manufacturing plant on 12 acres. We are widely recognized as the leader in supplying steel counterweights, fabrications, weldments and ballast in North American, including a strong focus on the Aircraft Handling industry.

Our unique selling proposition is offering high quality steel parts, made from low cost raw material to provide a low cost, high value finished product for our customers. Our clients have come to expect savings up to 25% when compared to our some of our competitors.

Let your ISC representative show you how we can help you improve your competitive position with our services.

BALLAST INSERT

Looking for extra weight to gain traction? ISC can create inserts with low cost steel to meet your ballast

LOOSE BALLAST

Find ways to create extra ballast and weight taking advantage of our loose, low cost ballast options
